Candida Self Analysis

The following History and Major Symptom Checklist will help determine if Candida is a possible health challenge for you. If you have any questions, please call our office: 719-488-5688

History – Section 1

This section involves an understanding of your medical history and how it may have promoted Candida growth. Enter the points beside each question that is true for you. Record your total at the end of the section.

	Points
1 ___ Throughout your lifetime, have you taken any antibiotics or tetracyclines (Symycin™, Panmycin™, Bivramycin™, Monicin™, etc.) for acne or other conditions, for more than one month?	25
2 ___ Have you ever taken a “broad spectrum” antibiotic for more than two months, or four or more times in a one-year period? These could include any antibiotics taken for respiratory, urinary or other infections.	20
3 ___ Have you taken a “broad spectrum” antibiotic – even for a single course? These antibiotics include ampicillin™, amoxicillin™, Keflex™, etc.	6
4 ___ Have you ever had problems with persistent prostatitis, vaginitis or other problems with your reproductive organs?	25
5 ___ Women – Have you been pregnant: Two or more times?	5
One time?	3
6 ___ Women – Have you taken birth control pills: More than two years?	15
More than six months?	8
7 ___ If you were not breast-fed as an infant.	9
8 ___ Have you taken any cortisone-type drugs (Prednisone™, Decadron™, etc.)	15
9 ___ Are you sensitive to and bothered by exposure to perfumes, insecticides or other chemical odors: Do you have moderate to severe symptoms?	20
Do you have mild symptoms?	5
10 ___ Does tobacco smoke bother you?	10
11 ___ Are your symptoms worse on damp, muggy days or in moldy places?	20

12	___	If you have had chronic fungus infections of the skin or nails (including athlete's foot, ring worm, jock itch), have the infections been?	
		Severe or persistent?	20
		Mild to moderate?	10
13	___	Do you crave sugar (chocolate, ice cream, candy, cookies, etc.)?	10
14	___	Do you crave carbohydrates (bread, bread and more bread)?	10
15	___	Do you crave alcoholic beverages?	10
16	___	Have you drunk or do you drink chlorinated water (city or tap)?	20
	_____	Total Score Section 1	

Major Symptoms – Section 2

For each of your symptoms, enter the appropriate score next to the symptom.

Record your total at the end of the section.

No symptoms	0
Occasional or mild	3
Frequent and/or moderately severe	6
Severe and/or disabling	9

_____ **Total Score Section 3**

The Results

Follow the directions at the top of the questionnaire and subtotal for each Section.

Total Score from Section 1 _____

Total Score from Section 2 _____

Total Score from Section 3 _____

Total Score _____

If your total score is at least:

Your symptoms are:

180 Women
140 Men

Almost certainly Candida (yeast) connected
Almost certainly Candida (yeast) connected

120 Women
90 Men

Probably Candida (yeast) connected
Probably Candida (yeast) connected

60 Women
40 Men

Possibly Candida (yeast) connected
Possibly Candida (yeast) connected

< 60 Women
<40 Men

Probably NOT Candida (yeast) connected
Probably NOT Candida (yeast) connected

If your score is 60+ (women) or 40+ (men), then you will probably want to consider following the recommended Candida Cleanse steps to reduce symptoms. If you have any questions, you can schedule a phone consultation with Cheryl Townsley.
